<b>Incoming 1<sup>st</sup> Year Student</b>  <b>All documentation must be uploaded into E*Value by Friday, August 15, 2014</b>	<ol style="list-style-type: none"> <li>1. <b>Bacterial Meningitis - Texas State law (SB 62)</b> mandates that all entering students under the age of 22 provide a certificate signed by a health care provider or an official immunization record verifying that a student has been vaccinated against bacterial meningitis, or has received a booster during the five years prior to registration. Students may also submit proof of approved conscience exemption from the Texas Department of State Health Services (<a href="http://www.uh.edu/immunization">http://www.uh.edu/immunization</a>).</li> <li>2. <b>Hepatitis B<sup>+</sup></b> – The Hepatitis B series consists of three doses, with the second given one month after the first dose and the third dose given six months after the first dose. A completed series of 3 doses of vaccine administered prior to January 15, 2015.</li> <li>3. <b>MMR</b> <ul style="list-style-type: none"> <li>• <b>Measles<sup>+</sup></b> – Two doses of measles vaccine administered since January 1, 1968, and on or after the student’s first birthday and at least 28 days apart.</li> <li>• <b>Mumps<sup>+</sup></b> – One dose of mumps vaccine administered on or after the student’s first birthday.</li> <li>• <b>Rubella<sup>+</sup></b> – One dose of rubella vaccine administered on or after the student’s first birthday.</li> </ul> </li> <li>4. <b>TB Skin Test<sup>^</sup></b> – Test to be administered between June 1 – August 13, 2014.           <ul style="list-style-type: none"> <li>• TB Skin Test documentation must include the date TB test was placed, date TB test was read and the results of TB test.</li> </ul> </li> <li>5. <b>TDap (Tetanus-diphtheria-acellular pertussis vaccine)</b> – TDap is required for all incoming students.</li> <li>6. <b>Varicella Titer</b> – Varicella titer is required for all incoming students to confirm immunity or serologic evidence of infections.</li> </ol>
<b>1<sup>st</sup> Year Student</b>	<ol style="list-style-type: none"> <li>1. <b>Influenza Vaccine</b> – TBA during flu season.</li> <li>2. <b>TB Skin Test<sup>^</sup></b> – Test to be administered between May 1 - May 12           <ul style="list-style-type: none"> <li>• TB Skin Test documentation must include the date TB test was placed, date TB test was read and the results of TB test.</li> </ul> </li> <li>3. <b>Td</b> - If TDap is <math>\geq</math> 10 years old.</li> </ol>
<b>2<sup>nd</sup> Year Student</b>	<ol style="list-style-type: none"> <li>1. <b>Influenza Vaccine</b> – TBA during flu season.</li> <li>2. <b>TB Skin Test<sup>^</sup></b> – Test to be administered between May 1 - May 12           <ul style="list-style-type: none"> <li>• TB Skin Test documentation must include the date TB test was placed, date TB test was read and the results of TB test.</li> </ul> </li> <li>3. <b>Td</b> - If TDap is <math>\geq</math> 10 years old.</li> </ol>
<b>3<sup>rd</sup> Year Student</b>	<ol style="list-style-type: none"> <li>1. <b>Influenza Vaccine</b> – TBA during flu season.</li> <li>2. <b>TB Skin Test<sup>^</sup></b> – Test to be administered between March 30 – April 8           <ul style="list-style-type: none"> <li>• TB Skin Test documentation must include the date TB test was placed, date TB test was read and the results of TB test.</li> </ul> </li> <li>3. <b>Td</b> - If TDap is <math>\geq</math> 10 years old.</li> </ol>
<b>4<sup>th</sup> Year Student</b>	<ol style="list-style-type: none"> <li>1. <b>Influenza Vaccine</b> – TBA during flu season.</li> <li>2. <b>Td</b> - If TDap is <math>\geq</math> 10 years old.</li> </ol>

\*Some institutions may have more stringent requirements so further vaccination may be required prior to experiential rotations.

+Serologic confirmation of immunity or serologic evidence of infection is acceptable in lieu of vaccination.

<sup>^</sup>Special populations who have traveled internationally and/or those of you who are aware that you may get a false positive result which would require a chest x-ray, may wish to obtain the QuantiFERON – TB Gold Test.
